Dear Hiring Manager:

I am a results driven dynamic, forward thinking, creative, and passionate technology leader with over 10 years of experience in delivering business technology solutions. Proven track record of turning around chaotic teams and struggling projects.

Specialized in forming, managing and building teams built with a culture of operational excellence and integrity focused on responsibility, accountability and autonomy to execute freely. Experienced and capable of managing large globally distributed teams of software, systems, DevOps engineers, project managers, agile coaches, and scrum masters. In addition I take pride in bringing all stakeholders together to move technology initiatives forward and deliver on business results.

I would bring to your company a broad range of skills, and exposure to the following technologies:

- Experience supporting: Java, .NET, C#, Ruby, Python, Angular, and Mobile technologies.
- Cloud & Operating Systems: AWS, Microsoft Azure, Linux, Windows, and MAC.
- VMs & Containers: VMware, Docker, OpenShift, Kubernetes.
- Java Application Servers: Apache Tomcat, Weblogic, JBoss.
- CI/CD Tools: GIT, Maven, Gradle, Jenkins, Spinnaker, SonarQube, Fortify, Artifactory, Selenium.
- Infrastructure Automation: Puppet, Chef, Ansible.
- Monitoring: Nagios, Ganglia, Zabbix, ELK, Splunk.

I would welcome the opportunity to further discuss this position with you. If you have questions or would like to schedule an interview, please contact me by phone 1 (909) 610-9107 or e-mail rogerdhillonjobs@gmail.com. I have enclosed my resume for your review, and I look forward to hearing from you.

Sincerely,

Roger Dhillon
